

All District Engineers, Walter S. Kos & Miguel d'Escoto

Michael L. Hine

Special Provision for Removal and Disposal of Regulated
Substances

September 28, 2001

This special provision was developed by the Bureau of Design and Environment to make minor corrections and clarifications to Section 669 of the Standard Specifications.

It should be included in all projects involving the removal and disposal of regulated substances.

The districts should include the BDE Check Sheet marked with the applicable special provisions for the January 18, 2002 and subsequent lettings. The Project Development and Implementation Section will include the paper copy in the contract.

This special provision will be transferred through the E-mail System to the district offices on September 28, 2001.

REMOVAL AND DISPOSAL OF REGULATED SUBSTANCES (BDE)

Effective: January 1, 2002

Revise the first paragraph of Article 669.14(a) of the Standard Specifications to read:

"(a) Interim reports. The Contractor shall be responsible for submitting two copies of a report to the Engineer on a monthly or quarterly basis regarding the management and/or monitoring of non-special waste, special waste, or hazardous waste. One additional copy of the technical report shall be sent to the District's Environmental Studies Unit. The reports shall include all pertinent information regarding the project including, but not limited to:"

Add the following to the end of Article 669.14(a) of the Standard Specifications:

"(7) Plans showing the areas of contamination,

(8) Cost of identifying, monitoring, handling, and disposing of contaminated soil or groundwater, the cost of preventing further migration of contaminants and the cost for worker protection. All cost should be in the format of the contract pay items listed in the contract plans."

Add the following sentence to the end of Article 669.14(b)(2) of the Standard Specifications:

"All cost should be in the format of the contract pay items listed in the contract plans."

Revise the first paragraph of Article 669.15 of the Standard Specifications to read:

669.15 Method of Measurement. Non-special waste, special waste and hazardous waste soil disposal will be measured for payment according to either Article 202.07(b) when performing earth excavation, Article 502.14(b) when excavating for structures or by computing the volume of the trench using the maximum trench width permitted and the actual depth of the trench."

Revise the first paragraph of Article 669.16 of the Standard Specifications to read:

669.16 Basis of Payment. Underground storage tank removal, soil excavation, soil and content sampling, and the excavated soil, UST content, and UST disposal will be paid for at the contract unit price each for UNDERGROUND STORAGE TANK REMOVAL."
